## TOURETTES: A DANCING DISORDER

Explore Tourette's syndrome through dance and music with Band of Artists dance team led by Sutie Madison and musician Stephen DiJoseph. Learn the history, causes, diagnosis and treatments of Tourette's syndrome presented by James Cook, MD, Neurologist. This entertaining performance and informative lecture will unveil Tourette's syndrome and reveal its creative intelligence. Co-sponsored by The Neurosciences Institute at Abington Memorial Hospital and Penn State Abington.

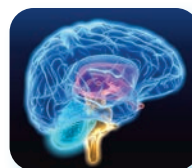

**date:** **Friday, April 12**
